Project Description (Proposed actions, location, and/or consequences).

A second Revisions of Approved Actions application for an approved Site Approval for a fueling station. The revision proposes to add a secondary ingress/egress driveway for the site. Currently, access to the site is off of Liberty Road. The proposed secondary driveway is off of State Route 88, approximately 545 feet south of E. Liberty Road, and traverses the adjacent parcel to the south of the project site prior to entering the parcel with the fueling station.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

SJCOG responded to this project referral that the project is subject to the SJMSCP. The applicant has confirmed that he will participate in SJMSCP. With the applicant's participation, the proposed project is consistent with the SJMSCP and any impacts to biological resources resulting from the proposed project will be reduced to a level of less-than-significant.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
