

**NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION  
BY THE MONTEREY PENINSULA AIRPORT DISTRICT**

This notice is to inform the public and interested agencies that in accordance with the California Environmental Quality Act (CEQA), the Monterey Peninsula Airport District (MPAD) is circulating an Initial Study/Mitigated Negative Declaration (MND) for public review and comment.

**Project Location:** Monterey Regional Airport, 2801 and 2999 Monterey Salinas Highway, Monterey, CA 93940

**Project Description:** The proposed project involves the installation of two water distribution system lines and associated infrastructure connected to existing water wells located on airport property.

**Document Availability:** The Initial Study/MND will be available for review at the following locations beginning on Wednesday July 19, 2023:

- Monterey Regional Airport, 200 Fred Kane Drive, Monterey, Suite 200, CA 93940
- MPAD's website: <https://montereyairport.specialdistrict.org/legal-notices>

**A 30-day public review period for the Initial Study/MND is from July 19, 2023, to August 18, 2023.**

**Comments:** Any person who wishes to comment on the MPAD's intent to adopt the MND must submit comments no later than 5:00 p.m. on Friday, August 18, 2023. Comments may be sent by e-mail to [planning@montereyairport.com](mailto:planning@montereyairport.com).

**Project Impacts:** Based on the findings of the Initial Study, it has been determined that the project will not have a significant effect upon the environment because avoidance, minimization, or mitigation measures will be attached to the project as conditions of approval. These measures will reduce impacts to special-status plant species and undiscovered cultural resources, if any, to a less than significant level.

**Public Hearing:** The date, time, and place of future public hearings will be appropriately notified per MPAD and CEQA requirements.
