Subject: EIR Response - SCH 2023070403

Good morning,

The California Highway Patrol's Marin Area has reviewed the Environmental documents submitted by Caltrans District 4 for the Marin State Route 1 Drainage System Restoration Project (SCH #2023070403). As is the case with any State Highway related construction project, we anticipate there will be an impact to CHP operations with response times through the construction area. There is nothing in the project description that stands out as impacting traffic safety, congestion, or public safety beyond the traffic delays typically expected for such a project. Marin Area requests all anticipated significant traffic delays be communicated to our office, which will allow us to maintain our ability to provide the highest level of safety, service, and security to the public.

Please let me know if you have any questions.

Thank you, Erik

Erik J. Egide, Lieutenant
California Highway Patrol, Marin Area
