**RE: State Clearinghouse Number 2023070644: Map Revision for Caldor Forest and Community Restoration Project - Eldorado National Forest Roadside Hazard Tree Mitigation**

To Whom it May Concern:

This letter is to request a revision to the Notice of Exemption filing for the Caldor Forest and Community Restoration Project - Eldorado National Forest Roadside Hazard Tree Mitigation; Highway 50 Forest Service Cabin Tract (State Clearinghouse Number 2023070644, posted July 31, 2023). The existing Notice package included Draft Road and Project Area Sheets 1 – 7 which are the incorrect maps for the project and are not reflective of the entire project area. The correct map is included herein as an attachment. We respectfully request that this letter and the map provided be used to append or revise the existing posting. This requested map revision is in response to a clerical error and does not invalidate the applicability of the approved Notice of Exemption, nor does it require a new Notice to be filed.
