RE: Correction to Summary Form – LeBaron Project

To State Clearinghouse,

I am writing on behalf of the City of Stockton to request a correction to the Summary Form submitted to and published by the State Clearinghouse on July 31, 2023 (yesterday) for the LeBaron Ranch project. Specifically, within the Summary Form, under the "Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect" header, I erroneously included the statement that " An Initial Study has been prepared for this project." However, this sentence is not correct. Therefore, I have attached a revised version of the Summary Form without this sentence.

Sincerely,

Joshua Smith
