Project Title: Strategic Water Resources Plan Update Environmental Impact Report

Project Applicant:

Project Location (include county): Los Angeles

Project Description:

PWD has updated its Strategic Water Resources Plan. The Preferred Strategy is proposed optimizes PWD's mix of water sources up to the year 2050; focusing on three fundamental timeframes: today (2023-2025), near-term (2025 to 2035), and long term (2035 to 2050). The proposed Project evaluates and implements the projects associated with the Preferred Strategy considering imported supplies, recycled water, rehabilitation or replacement of existing wells, new groundwater production wells, local surface water supply improvements, and conservation programs.

This is to advise that the Palmdale Water District has approved the above (Lead Agency or Responsible Agency)

described project on 12/16/2024 and has made the following determinations regarding the above (date) described project.

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: https://www.palmdalewater.org/our-customers/projects/capital-projects/strategic-water-resources-plan/
