RE: Cornerstone Bible Church Expansion
Project Mitigated Negative Declaration
(MND)
SCH # 2023080420
Vic. LA-Multiple
GTS # 07-LA-2023-04296

Dear Mark Carnahan:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above-referenced project. The proposed project consists of the development of an expansion and the improvement of a church with facilities that can accommodate a range of uses including offices, classrooms, nursery rooms, storage, parking, and a playground area. This development totals approximately 18,760 square feet in accordance with the proposed Cornerstone Bible Church Expansion Specific plan. The City of Glendora is the Lead Agency under the California Environmental Quality Act (CEQA).

As stated in the Transportation Section of the Initial Study, the project would not result in a conflict with a program, plan, ordinance, or policy addressing alternate modes of transportation facilities including transit, roadway, bicycle, and pedestrian facilities. The Project's potential impacts would be less than significant, and no mitigation measures are necessary. Caltrans has the following comments applicable to the construction period only:

- Work with Caltrans Office of Permits, Multi-Modal Unit, for a designated truck route for construction trucks to transport construction equipment to and from the construction sites.
- Cover construction trucks with tarpaulin to avoid debris spillage onto State facilities.

As a reminder, any transportation of heavy construction equipment and/or materials that requires the use of oversized transport vehicles on State Highways will need a Caltrans transportation permit. Caltrans recommends that the Project limit construction traffic to off-peak periods to minimize the potential impact on State facilities. If construction traffic

is expected to cause issues on any State facilities, please submit a construction traffic control plan detailing these issues for Caltrans' review.

If you have any questions, please feel free to contact Jaden Oloresisimo, the project coordinator, at Jaden.Oloresisimo@dot.ca.gov and refer to GTS # 07-LA-2022-04296.

Sincerely,

Miya Edmonson
