HUGH NGUYEN, CLERK-RECORDER

Project Location (include county): City of Irvine, County of Orange

BY: MG DEPUTY

Project Description:

The project proposes to regrade and landscape along the channel slopes through Hicks Canyon Wash in compliance with the 100-year flow management practices to prevent further erosion of the channel, stabilize the channel banks, and protect adjacent residential properties along the southern edge of the channel. The project would extend the five existing storm drains to connect to the existing 120-inch diameter pipe, allowing the existing 120-inch diameter pipe to convey additional flows.
