Project Description (Proposed actions, location, and/or consequences).

Request to operate a methane digester on a 157.56± acre parcel located in the General Agriculture (A-2-40) zoning district. The methane digester will process dairy waste produced from the onsite dairy and from three offsite dairies, which will be piped in a slurry form via underground pipelines located across private property and within County road rights-of-way.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant effects are known at this time.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy have been identified with respect to the proposed project.

Provide a list of the responsible or trustee agencies for the project.

See the distribution list attached to the cover sheets for the Initial Study Checklist for a list of all responsible, trustee and reviewing agencies.
