Hello,

The California Geological Survey (CGS) has received a Notice of Preparation for a Draft Environmental Impact Report (DEIR) for the 380 North 1<sup>st</sup> Street Residential Project. This email conveys the following comments regarding the project area:

1. [Seismic Hazards](#)

The project area is located within a zone of required investigation for liquefaction. This potential hazard should be addressed in the DEIR. Additional information can be found at the links below:
