Environmental Assessment Removal Request

Christine Asiata Rodriquez
State Clearinghouse
1400 Tenth Street
Sacramento, CA 95814

Dear Ms. Rodriquez,

The Bureau of Indian Affairs, Pacific Region on August 30, 2023, requested the publication of two (2) Environmental Assessments with the State of California, Governor's Office of Planning and Research, CEQANET Web Portal. The Environmental Assessments are recorded online at CEQANET and are designated as 2023080748 and 2023080734 respectively.

These Environmental Assessments were mistakenly published with confidential cultural resources information. This inadvertent release of confidential information requires the removal of the 2023080748 and 2023080734 file attachments from the CEQANET Web Portal in order to protect sensitive information of the affected Tribal Nations. The Division of Environmental, Cultural Resource Management and Safety will provide document packages that do not contain the confidential cultural resources information for use as 2023080748 and 202308734 file attachments within 10 business days of this removal request.

If you have any questions or require additional information, please contact Chad Broussard, Environmental Protection Specialist at (916) 978-6165 or Felix Kitto, Deputy Regional Director, Indian Services at felix.kitto@bia.gov.

Sincerely,

Regional Director
