

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

County

Project Description (Proposed actions, location, and/or consequences).

The proposed project is to develop a high efficiency transload facility planned at the existing BNSF Railway (BNSF) Yard located at Sultana and Lime Avenues in Fontana, California. The planned facility will be used for the receipt, storage and distribution of biodiesel and renewable diesel. The facility will be fully contained adjacent to six inbound railroad tracks and include a truck loading rack and six one-million gallon above-ground tanks.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Project does not have any significant or potentially significant effects. There are no formal mitigation measures for the Project.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no known areas of controversy associated with this Project raised by agencies or the public.

Provide a list of the responsible or trustee agencies for the project.

None.
