Project Description and Location

San Francisco Municipal Transportation Agency (SFMTA) proposes to adopt the Visitacion Valley and Portola Community Based Transportation Plan. The Visitacion Valley and Portola communities, located in the southeast corner of San Francisco, are bounded by Daly City to the south, Highway 101 to the east, Interstate 280 to the north, and McLaren Park to the west. The transportation plan includes a set of potential transportation improvements and a set of policy recommendations for non-infrastructure/capital needs (such as transit service and access to bicycles) identified by the community to meet their transportation needs. Potential improvements identified in the transportation plan include pedestrian-scale lighting, crosswalk and curb ramp improvements, bike network projects such as bike lanes or neighborways, transit stop improvements, speed humps, pedestrian bulb-outs, and raised mid-block crosswalks. As such, the project meets the definition of an active transportation plan.

Determination

The City and County of San Francisco decided to carry out or approve the project on March 21, 2023, when the SFMTA Board of Directors adopted the Visitacion Valley & Portola Community Based Transportation Plan. The project was officially approved on April 21, 2023, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2023-001452ENV.
