PARTY UNDERTAKING PROJECT**

PROJECT TITLE: 2023 Laboratory Floor Replacement DP100008

PROJECT LOCATION-SPECIFIC: 5019 Imhoff Place (see Attachment 1)

PROJECT LOCATION-CITY AND COUNTY: unincorporated Martinez, Contra Costa County

PROJECT DESCRIPTION: The Environmental Laboratory building (Lab) is located within the Martinez campus and is a critical and specialty facility used every day by staff for permitting, regulatory compliance, and process control. The Laboratory Floor Replacement, District Project 100008 (Project) will replace the original flooring built in the early 2000's with an upgraded moisture system to prevent delamination from the concrete subsurface. Attachment 1 shows the project location. The Lab is not expected to be closed during the replacement work.

EXEMPT STATUS: CEQA Guidelines Sections 15302

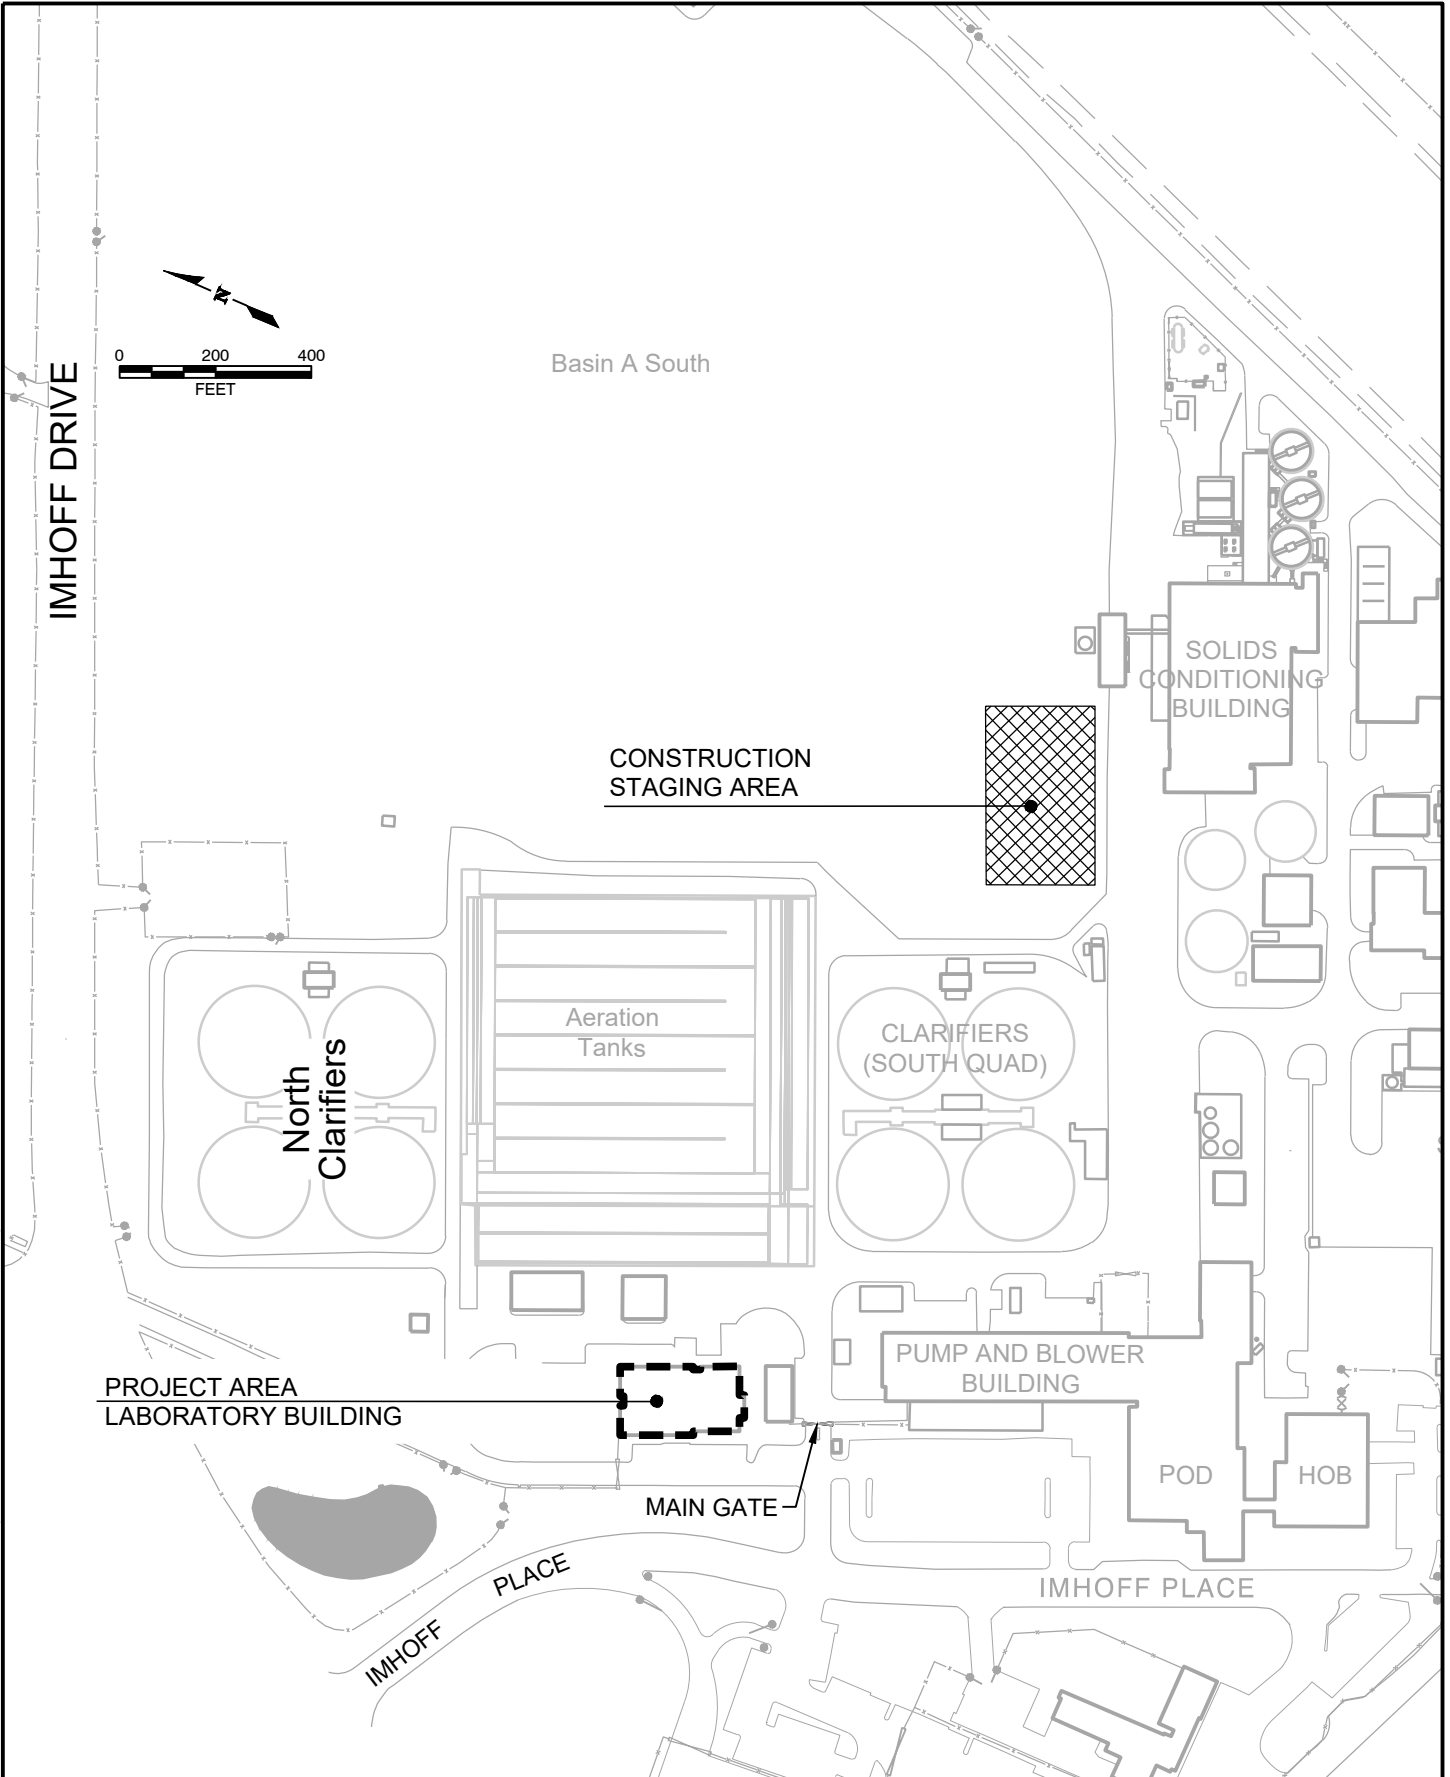

REASONS WHY PROJECT IS EXEMPT: At its September 7, 2023, meeting, the Central San Board of Directors independently found this project is exempt from the California Environmental Quality Act (CEQA) under Central San's CEQA Guidelines Section 15302 because it involves replacement of existing facilities at substantially the same locations and with the same purpose and level of activity as the facilities being replaced.
