Present Land Use/Zoning/General Plan Designation:

Project Description: (please use a separate page if necessary)

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Project Description Continued...

The Project would include several improvements to the local circulation system, including improvements to Falchion Road and Outer Highway 15 and the construction of Norco Road and Apple Valley Road. These improvements would occur along the immediate frontage of the Project. The ultimate design of these roadway improvements is not yet available and would be determined by the Town's Engineering Department. To account for all possible development scenarios that may occur, it is assumed that the proposed roadway improvements could occur within the entirety of the planned rights-of-way as identified on the Town's Circulation Element.

In addition, the Project would involve a General Plan Amendment to modify the Town's Circulation Element to realign Apple Valley Road. Apple Valley Road is Major Divided Arterial roadway with a 128-foot right-of-way. From the Project site's southern boundary at Falchion Road, Apple Valley Road has not yet been constructed but is planned to traverse north through the Project site to Stoddard Wells Road. The proposed General Plan Amendment would shift the proposed alignment slightly to the east boundary of the project site where it would continue north. The Project would involve the construction of this roadway along the Project's frontage between Falchion Road and Norco Street. The ultimate construction of Apple Valley Road north of the Project site between Norco Street and Stoddard Wells Road would be constructed at a future time by the Town or future developers and subject to additional environmental review pursuant to CEQA. It is not necessary for Project implementation and is unrelated to the Project.
