RE: Request for Rescission of Notice of Exemption, SCH No. 2023090447

Dear Sir or Madam:

On behalf of the California Department of Conservation, Geologic Energy Management Division (CalGEM), I respectfully request that the Office of Planning and Research (OPR) rescind the Notice of Exemption (NOE) for SCH no. 2023090447 and hereby consider the NOE rescinded. CalGEM filed the NOE with OPR on September 20, 2023, using the project title, "OG PG&E 022023-001."

CalGEM submits this request to OPR to address an error in one of the American Petroleum Institute (API) well numbers cited in the NOE. The API number error was discovered after the NOE was filed with the SCH. CalGEM will submit a new NOE for OG PG&E 022023-001 when it is assigned a new API number.

If you have any questions or would otherwise like to discuss this request, please contact me at Daisy.Duenas@conservation.ca.gov.

Sincerely,

Jan Perez
