

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Lantos Energy LLC Marsalla 1

Lead Agency: County of Solano

Contact Name: Eric Wilberg

Email: ejwilberg@solanocounty.com

Phone Number: (707) 784-6765

Project Location: Near Birds Landing within unincorporated Solano County.

City

County

Project Description (Proposed actions, location, and/or consequences).

Lantos Energy LLC is proposing to construct a drill site and drill one (1) exploratory natural gas well over a one (1) year period. If drilling is successful, the project would include installation of production equipment including a natural gas pipeline. No hydraulic fracturing is proposed. The proposed Marsalla 1 well is located at Latitude 38.133385 and Longitude 121.898040. The project is located within the southeast portion of unincorporated Solano County near the community of Birds Landing, nine (9) miles south of the City of Fairfield and 10.5 miles west of the City of Rio Vista. The proposed drill pad and well are located just north of Birds Landing Road and approximately one-half mile north of Montezuma Slough. The project is within the Secondary Management Area of the Suisun Marsh on property zoned Suisun Marsh Agriculture "A-SM-160"; APN 0090-070-420.

The project requires issuance of a Marsh Development permit and Administrative permit from Solano County.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project's effect on Aesthetics, Biological, Cultural, and Noise Resources are potentially significant and include mitigation measures to reduce or avoid that effect.

AESTH-1. Equipment Painting.

AESTH-2. Lighting and Glare.

BIO-1. Special-Status Avian Species Pre-construction Survey.

BIO-2. San Joaquin Kit Fox Exclusion Zone(s).
