**Present Land Use/Zoning/General Plan Designation:**

Various / Stanislaus County

**Project Description:** *(please use a separate page if necessary)*

Copper Trails Specific Plan (CTSP) approval and annexation would result in the potential development of approximately 260.3 acres of low-, medium-, medium high-, and high-density residential units within the CTSP area. The total dwelling units that would be potentially developed is 2,392. Approximately 107.4 acres is proposed for Regional Commercial development, which is estimated at 1,169,586 square feet of floor area. The CTSP also proposes approximately 42.3 acres of parks and open space, including street landscapes, and 3.4 acres for new public uses that would be in addition to the 74.1 acres already occupied by the Central Valley High School and Hidahl Elementary School, both operated by the Ceres Unified School District. The CTSP planned circulation system would utilize and improve existing roads and add new roads and streets and provide for development of new bicycle and pedestrian trails and open space linkages to provide access to and between the residential neighborhoods, commercial areas, schools, and parks of the developed CTSP area.

*Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.*

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
