SUBJECT: **NOTICE OF INTENT TO ADOPT THE PROPOSED MITIGATED NEGATIVE DECLARATION**

PROJECT: **WINDING WAY AQUIFER STORAGE AND RECOVERY WELL PROJECT**

The Carmichael Water District (CWD) has completed preparation of an Initial Study/proposed Mitigated Negative Declaration (IS/MND) for the Winding Way Aquifer Storage and Recovery Well Project (Project) and intends to adopt the MND as part of project review.

The IS/MND are now available for a 30-day public review and comment period. **The comment period is from September 29, 2023 to October 30, 2023.**

You may obtain a copy of the IS/MND at 7837 Fair Oaks Boulevard, Carmichael, CA, between 9:00 AM and 3:30 PM (except holidays). The IS/MND may also be reviewed at: <https://carmichaelwd.org/>.

The proposed project would be located within the CWD at 4513 Charleston Way, Carmichael, CA, Assessor's Parcel Number (APN) 247-0010-005. The Winding Way aquifer storage and recovery (ASR) well site is near the intersection of Charleston Drive and Rustic Road.

The proposed project includes construction of a new water supply well with ASR capacity. The Winding Way ASR well would produce approximately 1,500 gpm and have a recharge capacity of approximately 750 gpm. The project would include associated aboveground improvements, including a fenced perimeter, site paving, installation of a pedestal to rest the motor on, installation of a pump, and constructing a small (8- by 12-foot) prefabricated building to house the hypochlorite disinfecting solution and associated equipment, a pad to rest electrical equipment and instrumentation controls cabinet and a small shade structure to protect it.

All comments regarding the IS/MND should be received **NO LATER THAN 5:00 p.m., on October 30, 2023.** Written comments should be submitted to:
