

MEMORANDUM

DATE: October 11, 2023

TO: State Clearinghouse

FROM: Andy Ross, Economic Development Manager

SUBJECT: Springtown Trunkline Sewer Replacement Project Recirculated Draft
Initial Study/Mitigated Negative Declaration: SCH No. 2023100105

The City of Livermore is recirculating the Springtown Trunkline Sewer Replacement Project Mitigated Negative Declaration (SCH No. 2023100105) that was issued for public review on October 2, 2023. The basis for the recirculation is an expanded project description that provides substantially more detail about construction activities, methods, and the length of the alignment. There are no changes to mitigation measures or findings of significance. The new public review period extends from October 11, 2023 to November 9, 2023. The original MND has been withdrawn.
