Subject: Request for Extended Review Period for Project SCH 2023100255 - Crow Holdings East

Dear State Clearinghouse,

I am writing on behalf of the City of Highland to formally request an extension of the review period for the existing published project SCH 2023100255 for Crow Holdings East. The current review period is set to expire on November 15, 2023, and we are requesting an extension to November 22, 2023.

The reason for this extension request is to allow adequate time for the review of new information and documents that have been added to the project file. These include an updated Notice of Availability (NOA) and new documents that were not included in the initial publication. We believe that these additions are significant and warrant a thorough review by all stakeholders involved.

Enclosed with this letter are the following:

Updated Notice of Availability (NOA)
IS/MND - Appendices A – H

We kindly request that you update the State Clearinghouse database to reflect this extended review period and circulate the updated NOA and new appendices to all relevant agencies and stakeholders.

We appreciate your attention to this matter and look forward to your prompt response confirming the extension of the review period. If you have any questions or require additional information, please do not hesitate to contact me.

Thank you for your cooperation and understanding.

Sincerely,

Angela Tafolla
Associate Planner
