Project Description: (please use a separate page if necessary)

The County of Lassen will be the Lead Agency in processing applications for a Use Permit (UP) and Reclamation Plan (RP) and preparing an Environmental Impact Report (EIR) for a proposed surface mining operation. The proposed project at the Skyline Aggregates site would include mining, processing, and reclamation activities by Hat Creek Construction and Materials, Inc. on approximately 460 acres of a 640-acre parcel. A Draft EIR is being prepared by the applicant's consultant and will be reviewed by Lassen County and, if necessary, a third-party consultant. This Notice of Preparation (NOP) has been prepared to solicit comments from interested agencies as to the scope and content of the environmental information that is germane to your agency's statutory responsibilities in connection with the proposed project.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
