Project Title: San Lorenzo Creek (Zone 2 Line B) Emergency Bank Repair (Notification of Lake or Streambed Alteration, No. EPIMS-ALA-41858-R3)

Project Location (Alameda): The San Lorenzo Creek (Zone 2 Line B) Emergency Bank Repair (Project) is located in San Lorenzo Creek in the City of Hayward, State of California; Latitude 37.68474, Longitude -122.06562; City of Hayward, Assessor's Parcel Number 416-110-29.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement EPIMS Notification No. EPIMS-ALA-41858-R3, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Alameda County – Public Works Agency as represented by Moses Tsang.

The Project is limited to temporary stabilization of the scoured and eroded south bank of San Lorenzo Creek behind the properties of 1960, 1970, 1976, and 1980 Wingate Way. This includes removal of fallen trees that obstruct and redirect channel flow towards the embankment and existing retaining wall. Additionally, rock slope protection (RSP) will be installed in a large, scoured hole, along the south bank, and in front of the retaining wall, with backfilling materials placed behind the soldier pile retaining wall to reestablish the original grade of the private backyards. Cofferdams will be installed to allow for RSP construction; however, following a split of the stream by a small island caused by fallen vegetation, only the south branch will need to be dammed, and no pipe installation or pumping is expected.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: Alameda County – Public Works Agency

Exempt Status:

- Statutory Exemption.
- Categorical Exemption. Type – Class 1; California Code of Regulations, title 14, section 15301

Reasons why project is exempt: This Project involves repair and maintenance of existing facilities, existing public or private structures, or topographical features with negligible expansion of existing or former use.
