**Project Title:** Maple Street Sanitary Sewer Replacement Project (Notification of Streambed Alteration, No. EPIMS-SMO-31719-R3)

**Project Location (San Mateo County):** The Project is located along Redwood Creek, in the County of San Mateo, State of California; Latitude 37.48242, Longitude -122.22691; Assessor's Parcel Numbers 053-147-080.

**Project Description:** The California Department of Fish and Wildlife has executed Streambed Alteration Agreement EPIMS Notification No. EPIMS-SMO-31719-R3, pursuant to Section 1602 of the Fish and Game Code to City of Redwood City.

The City of Redwood City (City) will be performing sanitary sewer maintenance along Maple Street (from Franklin Street to Maple Street) as part of the City's 2021-2022 Sanitary Sewer Replacement Project. The scope of work covered under this Agreement is limited to work at the existing sewer pipe where it crosses the existing concrete walls of the Redwood Creek culvert (Project). Work will include removing and replacing the existing ductile iron pipe, drilling the culvert walls to properly realign the new sanitary sewer line, perform patching and sealing the drilled holes and installing pipe supports to anchor the newly installed ductile iron pipe within the existing box culvert.

**Public Agency Approving Project:** CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

**Person or Public Agency Carrying Out Project:** City of Redwood City

**Exempt Status:**

- Statutory Exemption.
- Categorical Exemption. Type – Class (1 & 2); California Code of Regulations, title 14, section (15301 & 15302)

**Reasons why project is exempt:** The Project consists of: 1) repair and minor alteration of existing private structure or topographical features, involving negligible expansion of use and 2) replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.
