Present Land Use/Zoning/General Plan Designation:

R&D (Research & Development) / Research & Development - Design Control (R&D-DC)

Project Description: (please use a separate page if necessary)

A request for a conditional use permit for the construction and ongoing operation of an unmanned, 97-foot-tall faux pine tree (monopine) wireless telecommunications facility and accessory items within a 40'-0" x 32'-8" lease area. The telecommunications facility is proposed to include one (1) 97-foot tall monopine tower, nine (9) antennas (with three (3) future antennas proposed), six (6) remote radio units (with three (3) future remote radio units proposed), four (4) surge suppressors, one (1) 30kW diesel standby generator attached to a 300-gallon capacity tank, and three (3) equipment cabinets. No water or sewer service would be required for the proposed project as it is an unmanned facility. Electricity will be provided by Pacific Gas & Electric (PG&E). The project is proposing a 15-foot wide, non-exclusive, access and utility easement off of Hillsdale Circle, east of the property. No trees are proposed for removal and the project site is already fully developed.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
