- Emergency Project - PRC § 21080(b)(4); CEQA Guidelines §15269(b) and (c)
- Categorical Exemption – CEQA Guidelines §15301/Class 1 (Existing Facilities)**
- Statutory Exemption – PRC § \_\_\_\_\_

**Reasons why project is exempt:**

**This project is exempt under Section 15301/Class 1 of the California Environmental Quality**

**Act (CEQA) Guidelines as follows:**

Section 15301/Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use.

The project is located within an existing developed lot. Said lot has been designed with ingress and egress drive approaches, parking stalls, drainage, and landscaping. The proposed project is for the installation of thirteen new solar canopy structures which involves negligible expansion of existing use.

None of the exceptions to Categorical Exemptions set forth in the CEQA Guidelines, Section 15300.2 apply to the project. Furthermore, the proposed project site is a developed property in an urbanized area and is not expected to have a significant effect on the environment. Accordingly, a categorical exemption, as noted above, has been prepared for the project and the area is not environmentally sensitive.
