Present Land Use/Zoning/General Plan Designation:

Natural Resources (NR), Public Facilities (PF)

Project Description: *(please use a separate page if necessary)*

The project would construct approximately 1,600 feet of Class I shared use path (pedestrian, bicycle) with associated trailhead improvements. The project would provide a safe walking and biking route from Edwards Drive to Davis Street over the current informal social trails within the project area. In addition to safety and connectivity improvements, the trail would provide opportunities for nature study and recreation. The trail would be an asphalt-concrete paved Class I shared use path, with a ten-foot wide paved trail (five feet per travel lane) with two-foot gravel shoulders on each side. The trail may be narrowed to 8-foot minimum paved width in limited locations where unavoidable site constraints exist. The trail shoulders may also be paved.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
