**Project Description:** *(please use a separate page if necessary)*

The West San Gabriel Valley Area Plan (WSGVAP) is a new community-based plan that focuses on land use and policy issues that are specific to the unique characteristics and needs of the West San Gabriel Valley Planning Area and its communities. The WSGVAP provides a comprehensive planning vision for nine unincorporated communities addressed in six community-specific planning elements. The WSGVAP has area-wide goals, policies, and implementation actions and community-specific goals, policies, and implementation actions. The Project includes changes to land use and zoning designations to accommodate growth near major transit stops and corridors, implement the housing element, and bring zoning, land use policy and existing use into consistency, which in turn requires changes to zoning and land use maps. The Project also includes an ordinance with new area wide standards as well as update to existing standards.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
