Sacramento, CA 95812-3044

From: SF Bay Regional Water Board
1515 Clay Street, Suite 1400
Oakland CA, 94612

Project Title: 65 Round Hill Road Project (Project)
Project Location - Specific: (Lat: 37.88380, Long: -122.46327)
Project Location - City: Tiburon
Project Location - County: Marin County

Description of Nature, Purpose, and Beneficiaries of Project: The Project will repair and stabilize an eroding slope that currently supports a residential home at 65 Round Hill Road, along an unnamed creek (Creek) tributary to Belvedere Lagoon. Bank toe erosion and upper bank sliding will be addressed by placing a blanket of new 18-inch (in) rock slope protection (RSP) on the lower bank and 12-in RSP on the upper bank. The RSP will be dry stacked on the slope up to a minimum of four feet above the channel bed elevation, and void spaces in the RSP will be backfilled with native soil to facilitate riparian growth. Geotextile fabric will be eliminated by removing loose slide debris from the erosion surface and installing 6-in bedding rock under the RSP for support. No riparian trees will be removed, and all work will be completed from an existing trail above the top of the Creek bank.

Name of Public Agency Approving Project as Lead Agency: SF Bay Regional Water Board
Name of Legally Responsible Persons or Agency Carrying Out Project: Chuck Bird

Exempt Status:

- Ministerial (Sec. 21080b(1); 15268);
 Declared Emergency (Sec. 21080b(3); 15269(a));
 Emergency Project (Sec. 21080b(4); 15269(b)(c));
 Categorical Exemption (State Type and Section Number): 15304 – Minor Alterations to Land, Class 4, C.
 Statutory Exemption (State Code Number): _____

Reasons why the Project is exempt: The Project will occur on previously excavated land with RSP and native soils; all materials are compatible with the site's natural features. No trees will be removed.
