Contact Person: Andrew Martin	Telephone No: (408) 630-2160	State Clearinghouse No: 2023110513
Project Title: Coyote Creek Flood Protection Project		
Project Location: The proposed flood risk reduction improvements are located along four reaches of Coyote Creek (Reaches 4, 6, 7, and 8) between Montague Expressway and Tully Road in the City of San José, Santa Clara County, California, with Reach 4 at the northern end of the project area (downstream) and Reach 8 at the southern end of the project area (upstream).		
Project Description: The proposed project described in the Final EIR includes implementation of flood risk reduction improvements, including floodwalls, passive barriers, and berms along and adjacent to Coyote Creek. The project also includes constructing headwalls and wingwalls along the Charcot Avenue Bridge crossing over the Coyote Creek channel and reinforcing the bridge structure; installing flap gates within seven manholes to prevent backflow of water during flood events from entering the City’s stormwater conveyance system; and placing a 240-foot-long temporary berm made of sandbags in one location in Reach 4 during the 4-year period when the Anderson Dam Tunnel Project is under construction.		

This is to advise that Valley Water, acting as a [Lead Agency Responsible Agency], has approved the above described project on March 11, 2025 and has made the following determination:

1. The project [will, will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were, were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring program [was was not] adopted for this project.
5. A Statement of Overriding Considerations [was, was not] adopted for this project.
6. Findings [were, were not] made pursuant to the provision of CEQA.

This is to certify that the Environmental Impact Report and record of project approval are available to the general public at:

Santa Clara Valley Water District
