Project Description: (please use a separate page if necessary)

Use Permit (UP) 23-02, Verizon Cell Tower: A request to construct a 60-foot-tall monopole cell tower, that will be camouflaged as a tree, and related ground equipment including a diesel generator for emergency use and a 200-gallon fuel storage tank. The ground equipment will be screened from public view along Clark Avenue by neighboring commercial buildings and will be within a 30-foot by 30-foot fenced area with a masonry wall along the property's east side and a vegetative hedge to reduce the noise and screen views of the equipment from nearby residences.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
