Project Title: Far View Ranch Restoration

Project Applicant: Point Blue Conservation Science

Project Location - Specific: 1386 Kings Ranch Road,
Bangor CA 95914

Project Location - City: Bangor Project Location - County: Butte

Description of Nature, Purpose and Beneficiaries of Project:

In a drought-stressed blue/live oak savanna and woodland, this project would plant a mix of native plants (milkweed, blue oak, and various shade tolerant riparian species) and install bird nest boxes. The objectives of the project are to (1) replace and expand the existing blue oak savanna and (2) create habitat for cavity nesting birds.

Name of Public Agency Approving Project: Butte County Resource Conservation District

Name of Person or Agency Carrying Out Project: Point Blue Conservation Science

Exempt Status: (check one)

Ministerial (Sec. 21080(b)(1); 15268);

Declared Emergency (Sec. 21080(b)(3); 15269(a));

Emergency Project (Sec. 21080(b)(4); 15269(b)(c));

Categorical Exemption. Class 4: Minor Alterations to Land (§15304)

Statutory Exemptions.

Reasons why project is exempt:

The project is non-ground disturbing except for the minor disturbance of planting native plants as seeds and the installation of bird nesting boxes. When installing bird nesting boxes, workers will avoid any burrowing sites by species such as the burrowing owl or western spadefoot toad.

This review concluded that project implementation, as designed, would have less than significant impact in each resource area and an exemption pursuant to §15304 is indicated.
