Mitigated Negative Declaration for the State Route 29 Intersection Improvement Project at Rutherford Road and Oakville Cross Road– The Metropolitan Transportation Commission (MTC) is proposing to improve the operation and safety of SR-29 at the intersections of Oakville Cross Road (PM 22.72) and Rutherford Road (PM 24.59). A single-lane roundabout is proposed at the intersection of SR-29 and Oakville Cross Road. A traffic signal and/or other traffic calming measures is being proposed at the intersection of SR-29 and Rutherford Road.

MTC has completed an Initial Study, and the findings are documented in the Mitigated Negative Declaration for the proposed project.

NOTICE IS HEREBY GIVEN that MTC will hold a public hearing at the Regional Network Management Committee meeting to consider adoption of the proposed Mitigated Negative Declaration (MND). The public meeting is tentatively scheduled for March 8, 2024 at 12:00 P.M. All MTC's meetings are currently being conducted on-line through Zoom with an in-person option. Instructions on how to participate will be posted on MTC's meetings and events portal at least ten (10) days prior to the date of the meeting. Interested parties are invited to appear by teleconference or in-person and present evidence or make statements of fact regarding the proposed projects. This notice does not signify approval or disapproval of this project or the MND by MTC. MTC will consider the proposed MND together with any comments received during the public review process to determine whether to adopt the MND.

For more information regarding the proposed projects please call Ingrid Supit, with the Metropolitan Transportation Commission, at (415)778-6691.
