Present Land Use/Zoning/General Plan Designation:

Recreational/Open Space; Agriculture; Government/Special Public; Residential

Project Description: *(please use a separate page if necessary)*

The Project aims to develop a Specific Plan (SP) to facilitate the existing and future renewable energy development, lithium extraction, and associated infrastructure, commercial, and industrial uses within the SP Area (SPA). The agricultural properties in the SPA have historically been utilized for crop cultivation and are equipped with irrigation ditches for water supply. The Salton Sea, as the primary water feature in the County, is a closed basin with a drainage area of 8,000 square miles. Any construction near the Salton Sea below the 220-foot contour necessitates a permit. The Project aligns with federal and state objectives for renewable energy sources and the procurement of raw materials for battery-powered vehicles. The development of the SP will provide a framework and guidance for the necessary infrastructure and facilities to achieve these objectives. By leveraging the unique environmental characteristics of the Imperial Valley, this Project aims to harness renewable energy resources, extract lithium and potentially other available minerals, develop manufacturing and distribution of related products (electric batteries, capacitors, vehicles, components etc.), other innovative renewable resources industries, and develop the associated infrastructure in a sustainable and environmentally conscious manner. Through careful planning and adherence to regulatory requirements, the Project seeks to foster economic growth, support clean energy initiatives, and preserve the region's natural resources and biodiversity.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
