Re: Request to Withdraw Notice of Exemption for
GSCA Kings County Broadband Network
State Clearing House Project Number 2023120226

To Whom It May Concern,

Golden State Connect Authority ("GSCA") hereby formally requests that the Notice of Exemption posted for the above referenced Project be withdrawn from the State Clearing House. This request is made because after posting with the Clearing House, the County Clerk required a minor modification (more detailed maps of the Project area) to the Notice of Exemption prior to the County processing the Notice. GSCA made the requested modification to the Notice and executed and delivered a new Notice to the County. Therefore, GSCA requests withdrawal for the prior Notice in order to facilitate posting of the revised Notice to ensure consistency in the documents. State Clearing House staff informed GSCA that once the former Notice is withdrawn, the new Notice may be posted under the existing Project Number, and GSCA intends to post the new Notice under that Number upon completion of the withdrawal. Thank you for your attention to this matter, please contact me through the means provided below if you have any questions or if further documentation is needed.

Sincerely,

Brian Briggs

Brian Briggs,
Deputy General Counsel
