Project Description (Proposed actions, location, and/or consequences).

Design Review for the development and ongoing occupancy of a residential six-plex. The project site is located on west side of La Crescenta Drive, approximately 200 feet south of the intersection with Arcadia Drive, in the Cameron Park Community Region.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would not have a potentially significant impact on special status fauna or flora species. Additionally, the project was not found to have any other significant impacts per CEQA review. No mitigation measures were found to be necessary

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The project is not known to be controversial. Further public review may result in controversy not yet known.

Provide a list of the responsible or trustee agencies for the project.
