Project Title: Embankment Restoration Along Line F-1, 210 Feet Downstream of Sycamore Street in Newark, Alameda County, California, Zone No. 5 Project.

Project Location - Specific: Approximately 210 ft downstream of Sycamore Street.

Project Location - City: Newark **Project Location - County:** Alameda

Description of, Nature, and Purpose of Project: The Alameda County Flood Control and Water Conservation District (District) proposes to repair the eroding creek bank along Line F-1 downstream of Sycamore Street in the city of Newark, Alameda County. Over the years, high velocity flows have been eroding this section on the west bank. Approximately 65 linear foot (LF) section has eroded along the western bank. The eroded area would be backfilled with approximately 290 cubic yards (CY) of imported soils, compacted, and reinforced. Approximately 150 tons of rock slope protection (RSP) will be placed along the toe of the slope extending 3' up the bank, and planted with willow live cuttings to further stabilize the eroded areas and provide additional protection from future erosion. A temporary cofferdam and bypass would be created to keep the work area dewatered during construction. All disturbed areas will be restored by hand broadcasting with a local seed mix. The purpose of the project is to repair the eroding creek bank, minimize future erosion, and improve flood control protection to the surrounding community. All work will be phased to take place during the summer months to minimize any impacts.

Name of Public Agency Approving Project: Alameda County Flood Control & Water Conservation District (F45F07)

Name of Person or Agency Carrying Out Project: Alameda County Flood Control & Water Conservation District

EXEMPT STATUS (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080 (b)(3); 15269 (a));
- Emergency Project (Sec. 21080 (b)(4); 15269(b)(c));
- Categorical Exemption (Sec 15301) Existing Facilities
- Statutory Exemption (state section number).

Reasons Why Project Is Exempt: The proposed project constitutes repair, maintenance, and minor alteration to existing public facilities involving negligible expansion of use.
