Description of Nature, Purpose and Beneficiaries of Project:

Name of Public Agency Approving Project: _____

Name of Person or Agency Carrying Out Project: _____

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption.** State type and section number: _____
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

This project will involve the installation of at least 12 single port bidirectional chargers across four parking lot sites owned by three school districts in Northern California (Fremont USD, Pittsburg USD, and Napa Valley USD). The installations will result in minor alterations to existing facilities with no expansion beyond the existing facilities and will not have a significant effect on the environment. This project therefore falls under categorical exemption listed in CEQA Guidelines Section 15301(c) Class 1 Existing Facilities. The charger installation will require minor trenching and backfilling where the surface is restored, and therefore, the project also falls under the categorical exemption of CEQA Guidelines §15304 (f) Class 4. Section 15303 provides that projects which consist of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure, are categorically exempt from the provisions of CEQA. This project consists of installation of new single port bidirectional chargers to existing sites. The equipment will be installed in existing, paved parking lots. Therefore, the project falls within section 15303 and will not have a significant effect on the environment. Further, none of the exceptions listed in CEQA Guidelines Section 15300.2 apply to this project.
