Project Location – City: Lost Hills, Bakersfield,
Kettleman City,
Shandon

Project Location – County: Kern, Kings, San
Luis Obispo

Description of Nature, Purpose and Beneficiaries of Project:

San Joaquin Field Division (SJFD) plans to use modified PVC "T" bait stations to control ground squirrel populations. The bait stations will be constructed and placed at several pumping plants and check sites at the SJFD, the San Joaquin O&M center, and the Lost Hills O&M center. Bait stations will be filled with an anticoagulant (.005% diphacinone). This poison was recommended for use by a Pest Control Advisor. Bait stations will be left out throughout the year, but baiting will only occur between March to November, or until a decrease in ground squirrel activity is detected. Baiting is necessary to protect State Water Project property from ground squirrel damage.

Name of Public Agency Approving Project: California Department of Water Resources (DWR)

Name of Person or Agency Carrying Out Project: DWR- Operations & Maintenance

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c)); 15301 (b)
- Categorical Exemption. State type and section number: _____
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

This project consists of maintenance activities that support the function of the California Aqueduct and water delivery within the State Water Project.
