Castle Rock Trailhead Parking Lot Project
Project Title

SCH#2024010059 Nathan Castillo (909) 866-5831 ext. 128
State Clearinghouse Number Lead Agency Contact Person Telephone Number

Project Location

The proposed Castle Rock Trail Parking Lot will be located on the south side of State Highway (SH) -18 adjacent to Talbot Road which is located just east of Fisher Cove and west of Boulder Bay on Big Bear Lake's southern shore. The site is located in the very southwestern corner of Section 24, Township 2 North, Range 1 West, San Bernardino Base Meridian. The Longitude and Latitude of the site is (approx.) 34°14'17.27" N and 116° 57' 36.44" W.

Project Description

The proposed project consists of constructing an approximately 0.26-acre parking lot, restroom facility, and a connection to the existing Castle Rock Trail. The parking lot would accommodate 30 parking spaces, two of which would be ADA Standard. The proposed trail connection would be approximately 350 feet long, and would connect the existing Castle Rock Trail (WUSFS Trail 1W03) to the westernmost end of the proposed parking lot. Sewer, water and electrical services would connect to existing utility lines in the adjacent roadways.

The basic component of the proposed project is the installation of a paved parking lot that will encompass approximately 12,600 square feet (sf) of impervious surface on Assessor Parcel Number (APN): 0306-011-02. The parking lot will be installed and owned by the City of Big Bear Lake which will utilize a grant from the Federal Highway Administration (FHWA), Central Federal Lands Highway Division (CFLHD), to partially fund the new parking facility construction. Once constructed and placed into operation, the City will oversee operation and maintenance of the parking facility. In addition to the parking area itself, a number of on-site and off-site features will also be installed to support the trailhead parking facility operations.
