**RE: Correction on the Notice of Intent for the Intel Central Utility Building Mitigated Negative Declaration, City of Santa Clara, California**

To the Office of Planning and Research:

We are requesting an update to the published listing for the Intel Central Utility Building Initial Study (SCH Number 2024010085). On the State Clearinghouse's project page, the Notice of Intent (originally published on Friday January 5, 2024) did not specify the presence of the site on any of the lists enumerated under Section 65962.5 of the Government Code as required under Section 15072(g)(5) of the California Environmental Quality Act (CEQA). The Notice of Intent should be updated with the latest version attached for consistency with the CEQA guidelines.

If you have any questions or need more information, then please contact me at [sle@santaclaraca.gov](mailto:sle@santaclaraca.gov) or (408) 615-2468.

Sincerely,

Steve Le
