The northern segment would include construction of approximately 2.6 miles of paved Class I multi-use trail, stretching from the Cherry Island Sports Complex at 28th and U streets northward to the Placer County line in Gibson Ranch Park. The southern segment would include construction of 0.7 mile of paved Class I multi-use trail connecting the Sacramento Northern Bikeway Trail to the existing Dry Creek Bikeway Trail along Dry Creek Road. An equestrian trail runs parallel for the entirety of the segments. The proposed project also includes crossing signals and roadway striping, signage, along with construction of bridges over Dry Creek and one over an unnamed tributary. The County Regional Parks Department intends to demolish the single-family home, barn, and abandon the associated septic system at 2592 Elverta Road and incorporate the property into the Dry Creek Parkway.
