Project Title: Campbell Gulch Diversion Reconstruction Project

Project Applicant: Camptonville Community Service District (CCSD)

Project Location (include county): Camptonville, Yuba County

**Project Description:**

The Camptonville Water District (CWD) is a subsidiary agency of the CCSD and is tasked with providing potable water to approximately 180 residents of the Town of Camptonville. The CWD's two groundwater wells, Well A and Well B, suffer from water quality and supply issues respectively and are therefore unable to meet the community's supply or drought-induced backup supply needs. As a result, in 1990, the CWD constructed the Campbell Gulch Diversion Structure (CGDS), approximately 0.5-mile northeast

This is to advise that the Camptonville Community Services District has approved the above  
( Lead Agency or  Responsible Agency)

described project on March 28, 2024 and has made the following determinations regarding the above  
(date)  
described project.

- 1. The project [ will  will not] have a significant effect on the environment.
- 2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
- 3. Mitigation measures [ were  were not] made a condition of the approval of the project.
- 4. A mitigation reporting or monitoring plan [ was  was not] adopted for this project.
- 5. A statement of Overriding Considerations [ was  was not] adopted for this project.
- 6. Findings [ were  were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Signature (Public Agency):  Title: President
