This is to advise that the County of San Diego Director of Department of General Services has approved the above described project on **January 16, 2024** and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section(s): 15301 and 15302
- G 15182 – Residential Projects Pursuant to a Specific Plan
- Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt: Section 15301 (Existing Facilities) is applicable to the proposed project because the replacement of the roof system of the pavilion would be a replacement-in-kind within an existing park facility (Potrero County Park), involving negligible or no expansion of existing or former use. Section 15302 (Replacement or Reconstruction) applies because the proposed project would consist of replacing the existing roof system of the pavilion at Potrero County Park with a replacement-in-kind that would have substantially serve the same purpose and capacity of the roof system being replaced.

Additionally, the project would not impact environmental resources of hazardous or critical concern that are designated, precisely mapped and officially adopted by government agencies; does not contribute to cumulative environmental impact; would not have a significant impact on the environment due to unusual circumstances; does not damage scenic resources within a designated state scenic highway; is not on the list of Hazardous Waste and Substance Sites pursuant to Section 65962.5 of the Government Code; and does not cause adverse change in the significance of a historical resource.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.
