Present Land Use/Zoning/General Plan Designation:
Various

Project Description: *(please use a separate page if necessary)*

The proposed project consists of the following components: 1) Housing Element update, which includes a program to rezone sites in the Commercial-Forest Hill, Commercial-Downtown, and some Unclassified districts; 2) Zoning Amendments to implement Housing Element Programs, including updates to the zoning map; and 3) associated General Plan Amendments. The draft Housing Element was submitted to the California Housing and Community Development Department (HCD) for the first round of HCD review on November 2, 2023, and is undergoing revisions to address HCD comments. The zoning amendments would include modifications to the Zoning Code to meet target densities as well as compliance with State housing laws as identified in the Housing Element. The Land Use Element would be updated for consistency with the Housing Element update and Zoning Amendments. The Health & Safety Element update would involve updated information, policies, and implementation measures consistent with the current requirements of state law. This includes additional details related to evacuation routes and emergency access.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
