PROJECT TITLE: Environmental Review Application No. 8533 – Del Rey Sidewalk

PROJECT APPLICANT/SPONSOR: Fresno County Department of Public Works & Planning, Design Division

PROJECT LOCATION – COUNTY: The project site is located within the community of Del Rey between the bounding streets of Jefferson Avenue, Del Rey Avenue, and Portola Avenue (See attached Location Map), in Fresno County.

DESCRIPTION OF PROJECT: The project's scope of work includes installing new 4 to 9 feet wide concrete sidewalks and curb ramps where missing, replacing damaged and non-ADA compliant curb ramps, adjusting or relocating utilities, and replacing curbs and gutters in areas where driveways and curb ramps are installed or replaced. The new concrete sidewalks will be approximately 4 inches thick. Minor pavement work will be needed in areas where curbs and gutters are replaced. The maximum depth of excavation for new sign foundation construction is approximately 48 inches.

NAME OF PUBLIC AGENCY APPROVING PROJECT: Fresno County Board of Supervisors, Department of Public Works and Planning, Design Division.

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: Fresno County Department of Public Works and Planning, Design Division.

EXEMPT STATUS: Categorical exemptions: Section 15301(c) *Existing Facilities*

REASONS WHY THE PROJECT IS EXEMPT: The project proposes to make sidewalk improvements along with associated improvements to curbs, curb ramps, gutters, driveways, and pavements to the existing pedestrian system within the community of Del Rey. These improvements would not adversely affect biological, cultural, or historical resources. The project's scope of work involves improvements to existing systems with negligible expansion of use and therefore is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) Guidelines under Section 15301(c).
