Project Description: (please use a separate page if necessary)

The Airshow has been held annually in the City for three (3) days during the fall season each year since 2016, except in 2020 during the COVID-19 pandemic. The Project would provide a spectacle-scale airshow in Huntington Beach that features civilian and military aircraft flybys and aerial acrobatics, air racing, helicopter/aircraft landing/runway displays, electric vehicle (EV) and drone displays with hangars and aerial competitions and drone shows, displays of other emerging aviation/mobility technology, live music, visitor-serving entertainment, services, and amenities. Future Airshows are anticipated to be held annually for three (3) days to up to five (5) days, generally Friday through Sunday or up to Wednesday through Sunday, with aircraft flight familiarization and flight practice flyovers beginning as early as Monday of the week of the Airshow. The Project would include an event program for the continuation of the Airshow for up to ten (10) additional years beginning from year 2024 through 2034 as permitted by the City's Specific Event Permit Process.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
