P.O. Box 3044

SUBJECT: FILING OF NOTICE OF EXEMPTION IN COMPLIANCE WITH PUBLIC RESOURCES CODE SECTION 21108 OR 21152

Project Name: Sweetwater Lane County Park Energy Improvements
Project Location: 1312 Sweetwater Lane, Spring Valley, CA 91977 – Sweetwater Lane County Park
Project Applicant: County of San Diego Department of Parks and Recreation, 5500 Overland Avenue, Suite 410, San Diego, CA 92123 (858) 565-3600
Project Description: The proposed project consists of the replacement of the existing ball field lights from metal halide light fixtures to light emitting diode (LED) light fixtures on the existing 80-90-foot-tall light poles. No changes to the existing light poles and no additional light poles are proposed in this project.

Agency Approving Project: County of San Diego Date Form Completed: 02/01/2024
County Contact Person: David LaGuardia Telephone: (619) 932-9600

This is to advise that the County of San Diego Director of Department of General Services has approved the above described project on **January 26, 2024** and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section(s): 15301, 15302
- G 15182 – Residential Projects Pursuant to a Specific Plan
- Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt: Section 15301 (Existing Facilities) is applicable because the proposed project involves minor alterations to the existing ball field lights by replacing the metal halide bulbs to LED fixtures, does not involve changes to the existing light poles or additional light poles, and involves negligible or no expansion of existing or former use. Section 15302 (Replacement or Reconstruction) applies because the metal halide fixtures of the existing ball field lights would be replaced by LED fixtures, and no additional light poles are proposed in this project, therefore, the project would be located on the same site and have substantially the same purpose and capacity as the existing facilities.

Additionally, the project would not impact environmental resources of hazardous or critical concern that are designated, precisely mapped and officially adopted by government agencies; does not contribute to cumulative environmental impact; would not have a significant impact on the environment due to unusual circumstances; does not damage scenic resources within a designated state scenic highway; is not on the list of Hazardous Waste and Substance Sites pursuant to Section 65962.5 of the Government Code; and does not cause adverse change in the significance of a historical resource.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.

Signature: _____ Telephone: (619) 315-9095

Name (Print): Chelsea Oakes Title: Group Program Manager

This Notice of Exemption has been signed and filed by the County of San Diego.

This notice must be filed with the Recorder/County Clerk as soon as possible after project approval by the decision-making body. The Recorder/County Clerk must post this notice within 24 hours of receipt and for a period of not less than 30 days. At the termination of the posting period, the Recorder/County Clerk must return this notice to the Department address listed above along with evidence of the posting period. The originating Department must then retain the returned notice for a period of not less than twelve months. Reference: CEQA Guidelines Section 15062.
