Project Title: Highway Safety Improvement Projects
HSIPSL-5441 (078)
Traffic Signal Upgrades

Project Locations: Citywide.

Description of Nature, Purpose, and Beneficiaries: See attached project description

Public Agency Approving Project: City of Moreno Valley

Name of Person or Agency Carrying Out Project: City of Moreno Valley

This is to advise that the City of Moreno Valley has approved the above-described projects on January 31, 2024, and has made the determination that the project is exempt because:

Exempt Status (check one):

- Ministerial (§ 21080 (b) (1); § 15268)
- Declared Emergency (§ 21080 (b) (3); § 15269(a))
- Emergency Project (§ 21080 (B) (4); § 15269(b) (c))
- Categorical Exemption: Class 1: Minor Alteration of Existing Public Structures; addition of safety or health protection devices for use in conjunction with existing facilities (CEQA Guidelines § 15301(f))**
- Statutory Exemption (§ _____)

Reason(s) why the project is exempt: The project would replace existing traffic signal heads with new signal heads that incorporate reflectorized back plates at 50 locations citywide. No ground disturbance, new traffic lanes, or construction of new structures would be required to implement the project.

Lead Agency Contact Person: Guadalupe Cortes, EIT, MSEM, Associate Engineer

Signature: 

Date: 2/1/24

Project Description:

Description: The project would replace existing traffic signal heads with new signal heads that incorporate reflectorized back plates at 50 locations citywide. These upgraded signal heads would enhance safety at the subject intersections by making the signal assembly more visible to oncoming drivers. No ground disturbance or construction of new structures would be required to implement the project.

Project plans and specifications are available for review at the City of Moreno Valley, Public Works Department, 14177 Frederick St., Moreno Valley, CA 92552. See Vicinity Map below.

Setting: The project locations are urban intersections in a developed area. There is no natural habitat within or immediately adjacent to the project locations.

Beneficiaries: Residents and visitors to the City will benefit from improved intersection safety associated with enhanced signal visibility.
