Authority cited: Section 21083, Public Resources Code. Reference: Section 21161, Public Resources Code.

The Draft Kern County 2024 – 2031 Housing Element (henceforth referred to as the Project) is designed to address the projected housing needs of current and future unincorporated area County residents. The Project is mandated by the State of California, which has required the preparation and adoption of a Housing Element within every General Plan for every jurisdiction since 1969. On mandated intervals all jurisdiction in California are required to update their Housing Element pursuant to Section 65580-65589.8 of the Government Code. The development and preservation of adequate and affordable housing is important to the well-being of the residents and economic prosperity of Kern County. Kern County has adopted two (2) General Plans for the unincorporated areas; the Kern County General Plan and the Metropolitan Bakersfield General Plan, which was prepared and updated jointly, but adopted separately, with the City of Bakersfield and covers unincorporated areas within the Bakersfield City limits and Sphere of Influence. This Housing Element is part of both general Plans and the use of the term “General Plan” in this document refers to both unincorporated areas only. The City of Bakersfield separately prepares and adopts its own Housing Element to cover areas within the city limits and under their jurisdiction.

The Housing Element represents Kern County’s long-term commitment to the development and improvement of housing with specific goals for the mandated review period 2024 – 2031. This Element identifies strategies and programs that focus on:

1. Preserving and improving housing and neighborhoods;
2. Providing adequately zoned housing sites that meets the requirements from the Regional Housing Needs allocation (RHNA);
3. Assisting in the provision of affordable housing;
4. Removing governmental and other constraints to housing investment; and
5. Affirmatively furthering fair housing in the unincorporated areas.

The Draft Kern County Housing Element 2024 – 2031 is available online here:

<http://kernplanning.com/housing-element/>

Specific recommendations for revisions to the County’s Housing Element programs are described in the proposed Housing Element Update and include new staffing and programs for implementation. No changes are proposed to the County’s land use regulations nor are any specific projects proposed in the Housing Element Update. Zoning Ordinance changes would be minor and are mainly proposed to update the Zoning Ordinance to existing State requirements, which the County currently complies with. No changes in existing land use zones or densities are proposed.

While many of the County of Kern housing programs benefit residents in the incorporated jurisdictions, the purview of the Housing Element is on the unincorporated County. Each city and County jurisdiction in the State is required to prepare and adopt its own Housing Element as part of the local General Plan.
